<b>Brady Scholar Application for Class of 2011</b>
--

Name \_\_\_\_\_ ID# \_\_\_\_\_

Email address \_\_\_\_\_

Campus mailing address \_\_\_\_\_

Hometown Address \_\_\_\_\_

What major(s) are you considering? \_\_\_\_\_

What career path(s) are you currently considering? \_\_\_\_\_

Brady Scholars are expected to study abroad during the junior year. In what country or region of the world do you hope to study?

1. The United States and the world face many challenges. Solutions may require actions at many levels: by leaders in government and in business, by community organizations, or by individual citizens. Identify two challenges that are especially important to you and explain why you see them as important. *(No longer than 750 words)*

2. Brady Scholars will engage in interdisciplinary study of what makes a person a *good* person and what makes an act a *good* act. Based on your current understanding of what it means to be *good*, describe a situation in which someone acted in a *good* way and explain why you judged the act to be a *good* act. *(No longer than 750 words)*

**3. Please take the professor recommendation form to a teacher who knows you for a recommendation. Submit your form to [brady@northwestern.edu](mailto:brady@northwestern.edu).**
